

## FOREWORD

The Moroccan Association of Studies and Research in Chemometrics and Quality (Association Marocaine d'Etudes et de Recherche en Chimométrie et Qualité: AMERCQ) and Laboratory of Organic Chemistry organize the seventh International meeting on Chemometrics and Quality.

The previous sessions of this meeting were held in Fes (2006, 2007, 2008, 2013) and Beni-Mellal (2010, 2016). Fes will host the seventh session from **23<sup>th</sup> to 25<sup>th</sup> October 2018**.

This scientific meeting will allow participants to present their recent research works related to Chemometrics and quality. It will provide opportunities to build effective collaborations between national and international researchers and practitioners in Chemometrics. It also aims at promoting the teaching of Chemometrics in the Moroccan Universities. Finally, it will give the opportunity to discuss the development of Chemometrics in Morocco and its applications in quality control within national and international industries.

## TOPICS

The program consists of plenary, oral and poster presentations. The official languages of the conference are French and English. A maximum of one page abstract including the title and the names of the authors should be sent together with the preregistration coupon to the secretary of the meeting before **September 28<sup>th</sup> 2018**.

The presentations should be related to one of the following topics (not exclusive list):

- ✓ Process optimization
- ✓ Pharmaceutical industry and medicinal chemistry
- ✓ Food and agriculture
- ✓ Development and Validation of analytical methods
- ✓ Sensory analysis
- ✓ Spectroscopy
- ✓ QSAR-QSPR

## SPEAKERS

- E. M. QANNARI (ONIRIS Nantes - French)
- D. RUTLEDGE (AgroParis Tech - French)
- M. RAMDANI (FST Mohammedia - Morocco)
- M. HANAFI (ONIRIS Nantes - French)
- A. BOUKLOUZE (FMP Rabat - Morocco)
- A. AIT KADDOUR (VetAgro Sup Clermont-Ferrand - French)
- M. SERGENT (Univ. Aix Marseille French)
